Project name	Project: IoT Based smart crop protection system for agriculture

The screenshot displays the IBM Cloud dashboard interface. At the top, there's a navigation bar with the IBM Cloud logo, a search bar, and links for Catalog, Manage, and the user's account (Jesu Shetty's Account). The main section is titled "Dashboard" and includes a "Create resource" button. Below this, there's a "For you" section with several cards: "Build" (Explore IBM Cloud with this selection of easy starter tutorials and services), "Build a web app with Watson Speech to Text" (Deploy a conversational interface compatible with any application, device, or channel), "Get Started with Watson Studio" (Get started with using AI and Cloud Object Storage in 15 minutes), "Build a Virtual Private Cloud (VPC)" (Upgrade to a paid account to create your own protected space in the IBM Cloud), "Learn about IAM Roles" (Learn about roles in IBM Cloud and how they work to control access), and "Build a virtual machine" (Lift and shift your VMware workloads to the IBM Cloud). Each card has a "Getting started" button and a time estimate. At the bottom, there's a "News" section with links to "IBM Cloud Satellite New Pricing", "IBM Cloud Data Shield Deprecation", "IBM Watson Orchestrate Is Integrating with ThisWay Global", and "SLSA Support in IBM Cloud Continuous Delivery". Other sections include "Recent support cases", "Planned maintenance", and "IBM Cloud status". The bottom of the image shows a Windows taskbar with the date and time (17:51 18-11-2022).
